

Talcott Mountain Academy

Screenings

Vision screenings will be provided to every student in Suites A, B, I, II, and III during the fall.

Audiometric screenings for hearing will be provided to students in Suites A and B, II and V during the fall.

Annual postural screenings will be provided to students in Suites II, III, IV and V during the spring.

A written notice will be sent to parents/guardians of a student who is found to have any impairment in vision, hearing or posture. Referral forms should be returned to the Health Office after the appropriate follow up is completed.
